### **DETAILED ACTION**

This action is in response to applicant's amendments submitted 11 December 2006.

#### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 94-111 are rejected under 35 U.S.C. 102(b) as being anticipated by Gelbfish (US 5,800,457).

Gelbfish teaches an embolic filter is a central region (formed between the edge 158 and the web 166), with a plurality of openings (space between struts 150), and a filter edge (158) with peaks and valleys of different heights/depths (Figs 9 and 10).

#### ***Response to Arguments***

3. Applicant's arguments, see pages 1-3, filed 11 December 2006, with respect to Daniel, Broome, and Huter have been fully considered and are persuasive. The rejection of claims 94-107 has been withdrawn. The amendments overcome the USC 112 rejection of claims 97 and 99.

#### ***Conclusion***

4. Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 11 December 2006 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION**

**IS MADE FINAL.** See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
